## 2.5.2 Mechanism to deal with internal examination related grievances is transparent, time-bond and Efficient

The institution conducts three internal tests for (2017 - Regulation) and two internal tests for (2021 - Regulation) per semester under scheduled dates with prior intimation by circular to the students and faculty members. The exams are conducted in allotted classrooms for an hour and thirty minutes with one invigilator per 25 students.

The corrected answer scripts along with the comments are issued to the students within three working days. The students are to check the answer scripts and sign them, and then the answer scripts are being randomly checked and verified by the respective HOD and the Principal. The internal marks are then uploaded in the Anna University website along with that particular phase attendance.

The students can view their internal marks from the respective student login. The internal marks are consolidated and progress report is sent to parents at the end of every internal test with corresponding faculty member and HOD's comments. In case of poor performance the parents are being called and necessary counseling and special classes are given to the student after college hours.

CSICE/DR/535/2023

19.10.2023

## OFFICE ORDER

Sub: CSICE, Ketti – review on even semester results – faculty performance  
– test class to be conducted – reg.

It is observed from the review of results of the even semesters that the performance of students is very poor which makes them ineligible for Placement drives. It is also observed that faculty members need to take extra care to get good results on the subject handled by them.

In view of the above, it is decided in the HoD meeting held today that daily test should be introduced for the students for 45 minutes from 04:15pm to 05:00pm. The students from first year to final year should attend to the daily tests to improve their performance in the University Examinations. The college buses will leave the campus at 05.00pm once the test is over effective from 21.10.2023
