Respected Sir/Madam,
Greetings from Rubicon.

Rubicon's "LifeSkills" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with limited no of colleges in India.

We are looking forward to partner with your institute and plan to run the below initiatives:

1. 24 hrs. classroom training on Interview Skills (Details mentioned below)
2. Industry visit of students to various organizations.
3. Post Placement Mentoring and Career Counselling for one year.

In Life Skills training, we will be covering the below topics:

1. Organizational Structure
2. Public Speaking
3. Presentation Skills
4. E-mail Etiquette
5. Grooming
6. Group Discussion
7. Personal Interview
8. Assessment will be conducted on Group Discussion and Personal Interview.

V.S.L. COLLEGE OF ENGINEERING

We will be pleased to conduct a training program for your students. Training program is for pre final and final year students of Engineering, Management, Degree, Diploma and Pharmacy. We are offering training programs in offline mode only. For Offline sessions, Corporate trainers from our end will come to your campus for conducting sessions, it will be of 24 hours of duration i.e. 6 hours /4 days or 8 hrs/ 3 days. For Offline sessions we require facility of accommodation, food and local travel for trainers from college end.

We conduct training programs in a batch wise manner. In each batch we keep approx 60 students :1 Trainer. There is no restriction on the number of batches. After finalizing Commencement dates of the training program we can proceed to sign an MoU with your institution. Training Outline is attached with mail for your reference. Kindly share your opinion on same with training dates and expected count of pre final and final year students.

SOFT SKILL TRAINING

ACTIVITY NAME : Numerical Aptitude-Time, Speed, Distance

Skills

MODE OF CONDUCT: Online

DATE: 9/7/2023

OBJECTIVE:

- Develop the ability to analyze numerical data and solve time, speed, and distance problems logically.
- Build confidence in applying mathematical reasoning to real-life scenarios.
- Train participants to solve numerical problems quickly and accurately.
- Teach techniques for breaking down complex problems into simpler, manageable parts.
- Build skills to optimize processes and make efficient decisions based on numerical insights.
- Emphasize the importance of precision in solving numerical problems.

PARTICIPANTS:

- ✓ Number of student participants- 146
- ✓ Number of faculty participants- 2

OUTCOMES:

- Enhanced understanding of the relationship between time, speed, and distance to manage deadlines effectively.
- Ability to prioritize and allocate resources efficiently based on time constraints.
- Improved employability by demonstrating strong problem-solving and quantitative skills.
- Better communication of numerical insights and solutions within a group setting.

Report on the workshop held on the title 'Strategies to enhance English Language proficiency in Engineering Education' by Dr.Vichitra Sivaji

Date	07 th October 23	Academic year	2023-24
Venue	Mechanical Conferencer Hall	Duration	10.30 am to 12.30 pm
No: of Participants	235	Mode of Session	Offline

The workshop was conducted for the First year students, it enables the students to know more on the following areas

1. Contextual Learning ensures that students practice English in real-life engineering scenarios.
2. English for specific purpose enable the students in writing technical reports, understanding manuals and delivering presentations
3. Collaborative Learning helps students practice conversational and technical English
4. Regular writing Practice helps in critical skill for drafting reports, research papers, technical documents etc
5. Early Assessment helps in identifying students who need extra help
6. Digital tools can help students to practice English outside the classroom
7. Internship Programs give the students an English speaking Environment.
8. Reading Practice sharpens Reading comprehensions, building vocabulary and familiarizes technical language.

The overall feedback of the students was very good . This workshop ensures that students not only become proficient engineers but also effective communicators, capable of engaging in the global engineering community.
