MEMORANDUM OF UNDERSTANDING

CSI College of Engineering, Ketti, The Nilgiris (CSICE) and Periyar Maniammai Institute of Science & Technology (PMIST), Deemed to be University, Vallam, Thanjavur are linked by common academic interests and seek to develop collaborations and exchanges in the fields of shared interest and expertise. The activities undertaken pursuant to this Memorandum of Understanding (MoU) are based on a spirit of cooperation and reciprocity that is intended to be of mutual benefit to both parties.

1. PURPOSE

This Memorandum of Understanding (MoU) serves as a written understanding of agreed upon principles between CSI College of Engineering, Ketti, The Nilgiris - 643 215, Tamilnadu and Periyar Maniammai Institute of Science & Technology (Deemed to be University), Vallam, Thanjavur - 613403, concerning a set of general academic objectives. This is a non-binding agreement and is intended to clarify the nature and extent of the complementary activities that might be undertaken for the mutual benefit of the two parties. Each institution will be responsible for managing its own costs. Commitments of specific institutional resources, personnel, space, facilities, or any other academic or intellectual activities may be contemplated hereunder but are beyond the scope of this MoU. To the extent that the implementation of any agreed upon activity requires a commitment of resources, personnel, credit-bearing coursework, or intellectual property, a supplementary agreement must be negotiated and approved by the two parties before work on any of the projects can commence.

2. OBJECTIVES, SCOPE, AND MAJOR ACTIVITIES

Both institutions agree to encourage the developments of the following activities

- Visits and exchanges of faculty, scholars and administrators in specific areas of academics, research and outreach
- Explore ways to cooperate in postgraduate education and training
- Organize joint conferences, symposia, or other scientific/technological meetings on subjects of mutual interest
- Pursue avenues for graduate and professional student exchange during the academic year or summer terms
- Pursue avenues for undergraduate student exchange during the academic year or summer terms
- Explore the possibilities of developing joint research programs and collaborations
- Other exchange and cooperation programs to which both parties agree
- Explore ways to apply for national/international funding agencies on collaboration projects.
- Need based psychological counselling for the students.
- Mentorship training & Faculty development programs for the faculties.
- Guidance for the community engagements and innovative practices for the neighbour communities.
- The academic activities are applicable with all the streams available in both the institutions and also include the placement cell trainings.

3. RESPONSIBILITIES OF THE PARTIES

Both parties recognize that the implementation of any agreed upon activity will depend upon the interests and expertise of the individuals involved and the availability of financial resources, space and other resources. Accordingly, the implementation of any exchange and cooperative program based on this MoU shall be separately negotiated and determined between the institutions. It is further expected that both parties will comply with all applicable laws and regulations and policies of the institutions.

4. GENERAL TERMS

This MoU is not intended to, and does not create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by either party, its officers, employees, or agents against the other party, its officers, employees, or agents. Nothing in this MoU obligates either party to commit or transfer any funds, assets, or other resources in support of projects or activities between the two parties.

5. MARKETING

Neither party will use the name of the other, either expressly or by implication, in any publicity, solicitation or advertisement without the express written approval of the other party to this MoU. Neither party can represent itself as the other or use their partner's logo, or promote any mutual programmes in any language without prior written approval of the copy, collateral materials and web presence or web linkages by partner officials. Failure to do so may serve as a breach of this agreement. Both the parties recognize that the implementation of any agreed upon activity will depend upon the interests and expertise of the individuals involved and the availability of financial resources, space and other resources. Both parties will be compliant with all applicable laws and regulations and Institute's policies.
